

## **PRESS RELEASE**

### **Pentasia Expands Into Macau with Opening of New Office**

Monday 6<sup>th</sup> February 2012

Pentasia, the global leader in gaming & gambling technology staffing solutions, is pleased to announce the inauguration of its new Macau based HR Consultancy.

Pentasia Macau Ltd was first incorporated in November 2011 and provides human resources consultancy to the gaming market in Macau. Its client base consists of gaming technology vendors, casino operators and companies providing support services to the gaming industry.

The business also acts as a representative office of the Pentasia group and in turn relays valuable insight and advice to Pentasia Singapore Pte Ltd, the region's fully licensed recruitment business founded in Singapore in 2007.

Jonathan Pettemerides, Pentasia's Managing Director for the Asia Pacific region hailed the office's opening as a significant step forward. "Pentasia Macau is an important addition to the Pentasia Group. Having a presence in Macau, the largest casino gaming market in the world, was a natural and necessary progression for the business.

"Macau has been a developing market for Pentasia's HR Consultancy business for some time now and the opening of our new office further enhances the levels of local expertise and face-to-face contact we can provide our Macau based clients."

---

#### **Notes for editors:**

Pentasia is the undisputed global market leader in gaming & gambling technology staffing supplies. Established in 2001, the company has built an international network of offices that now encompasses seven countries; the UK, Malta, Ireland, Gibraltar, Singapore, Macau and the USA.

Pentasia have been committed to the Asian gaming & gambling technology market since 2007 and are the only fully licensed gaming specialist executive search company in the Asia Pacific region.

Pentasia is a fully accredited member of various industry bodies including the UK's Recruitment & Employers' Confederation (REC) and the Association of Recruitment Consultancies (ARC) and as such, is subject to their Codes of Professional Practice.
